# ALLEY REPLACEMENT

GO Bond Project Cost

**\$2,970,250**

## Project Details

Proposition

Streets Improvements – Proposition D

Location

Various alleys

Description

This project would fund the replacement of various alleys across the City that are no longer suitable for daily traffic and trash truck traffic. Many of the alleys with a low Pavement Condition Index rating are included within other potential bond projects. This project could be used to fund small segments of alleys that are not included in those other projects.
